

A big thank you from the trustees of Jersey Brain Tumour Charity for the amazing donation received from the Association of Jersey Charities as part of their 50@50 year initiative.

This is how we spent your generous donation:

- We have worked on our branding and our charity reach by redrafting our leaflets and flyers.
- We have paid for a local bus to advertise the charity and its services to increase our visibility and remind Jersey we are here to support those impacted by a brain tumour.
- We have worked on creating a relationship with the local radio, again so we reach a wider audience and remind everyone we are here to provide support.
- We use the services of a part time admin person averaging around 5 hours per week.
